Polo Cobble - S108497S00  
Scollo V Dull - S102252S00  
Pantalone Tomky - S104129S00

## Clima Control Jacket

La giacca HI-TECH in grado di distribuire uniformemente il calore.

Un'analisi termografica e la relativa realizzazione di una "Body Map" hanno evidenziato 4 aree corporee con differenti necessità di gestione del calore, a cui corrispondono 4 tessuti differenti con specifiche caratteristiche.

Benefici:

- 1 Migliora la distribuzione omogenea del calore corporeo all'interno del capo, grazie al tessuto tridimensionale "3D SYSTEM", che consente la circolazione dell'aria
- 2 Aiuta a prevenire le conseguenze della sudorazione e la formazione di batteri, grazie al tessuto batteriostatico "FRESH SILVER" con ioni d'argento
- 3 Impedisce la dispersione del calore, mantenendolo all'interno del capo, grazie ad ALLUMINIUM, il tessuto che contiene alluminio
- 4 Gestisce gli sbalzi di temperatura: incamera il calore in eccesso e lo rilascia quando necessario, grazie al PCM (Phase Change Material)

*The HI-TECH jacket that evenly distributes body warmth. A thermographic analysis and a relative "Body Map" have identified 4 body areas that have specific comfort needs, which correspond to the 4 different fabrics employed.*

*Benefits:*

- 1 The jacket's 3D SYSTEM fabric enables the circulation of air, which thus improves the even distribution of body warmth inside the garment.
- 2 The FRESH SILVER bacteriostatic fabric, which incorporates silver ions, prevents the consequences of perspiration and the production of bacteria.
- 3 The ALLUMINIUM fabric prevents the dispersion of body warmth and retains it inside the garment.
- 4 Drastic changes in temperature are efficiently dealt with by employing the PCM (Phase Change Material) material, which helps store excess body warmth and releases it when necessary.

## Detachable Jacket

Il capo "four seasons" che si adatta ad ogni situazione climatica: ideale per affrontare l'inverno rigido o la brezza estiva.

Un solo articolo che si declina in quattro versioni diverse:

- 1 Giaccone completo: equipaggiato anche con cappuccio staccabile
- 2 Giubbotto corto: si stacca la parte inferiore del giaccone e il cappuccio
- 3 Gilet senza maniche, lungo: dal giaccone completo si staccano solo le maniche
- 4 Gilet senza maniche, corto: dal giaccone si staccano le maniche e la parte inferiore.

Grazie all'utilizzo di cerniere invisibili, posizionate strategicamente, il capo è stato ingegnerizzato per offrire la massima versatilità d'utilizzo.

*An "all-season" jacket suitable for any climate, from cold winter to breezy summer weather.*

*Four different items combined in a single garment:*

- 1 A parka with a detachable hood.
- 2 A jacket, when the hood and lower part are removed.
- 3 A long gilet, when only the sleeves are removed.
- 4 A short gilet, when the sleeves and the lower part are removed.

*Invisible zippers applied to strategic parts of this jacket make it extremely versatile.*

Detachable Jacket - S101123S00  
Polo Ecaly - S108492S00  
Pantalone Morce - S104130S00
